[1006/UKV/RVL-HW]

This seal is your assurance that Nintendo has reviewed this product and that it has met our standards for excellence in workmanship, reliability and entertainment value. Always look for this seal when buying games and accessories to ensure complete compatiblity with your Nintendo Product.

Original Nintendo Seal of Quality™

Thank you for selecting the Wii™ console.

IMPORTANT: PLEASE CAREFULLY READ THE Wii OPERATIONS MANUAL – SYSTEM SETUP INCLUDED WITH THE Wii CONSOLE BEFORE USING THIS PRODUCT. THIS MANUAL INCLUDES IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT – PLEASE READ:

In the course of using your Wii console, various kinds of data may be saved to its internal memory, including your Wii Shop Channel Account (and any associated Wii Points), Wii Shop Channel downloads, saved game data, photos and messages. Some of this information may be personal, and you may want to retain or protect it.

If after this quick installation the console does not work correctly, we recommend you consult the Wii Operations Manual or contact your Nintendo Service Centre in order to obtain more information.

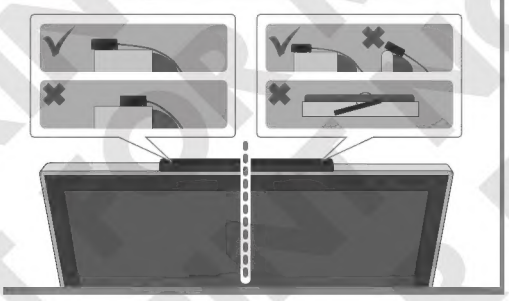
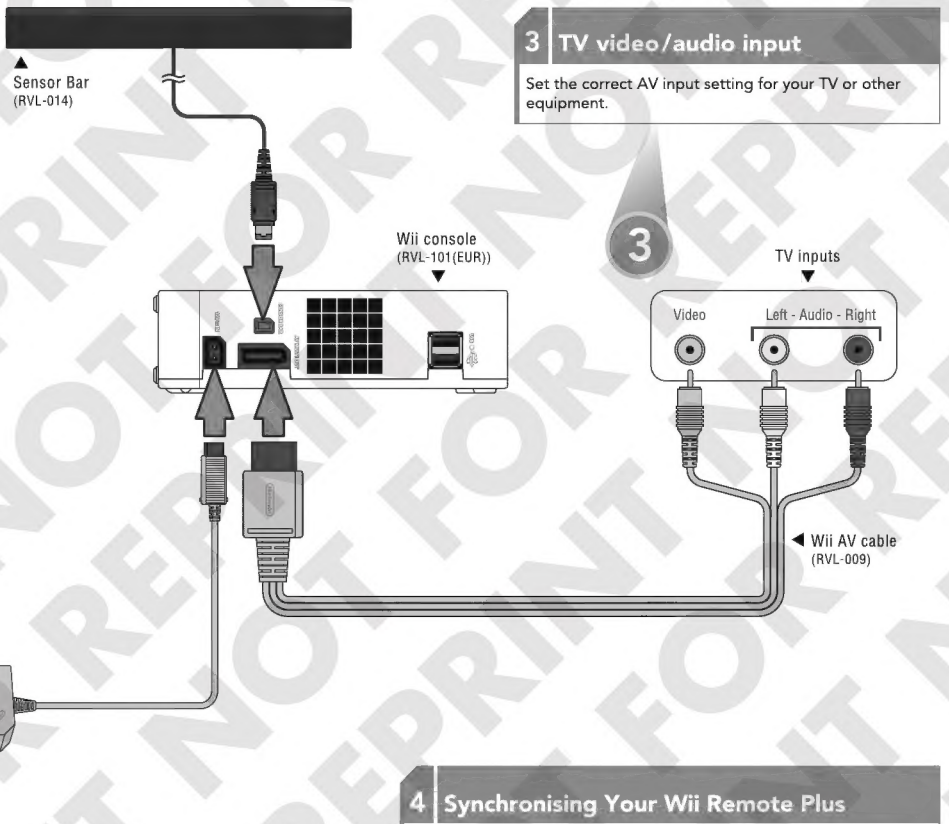
1 Installing the Sensor Bar

Remove the protective film from the double-sided adhesive tape on the bottom of the Sensor Bar. Make sure to align the centre of the Sensor Bar with the centre of the TV and align the front of the Sensor Bar with the front of the surface it is sitting on.





2 Wii Power Supply

Plug the Wii Power Supply into a power outlet after installing the Sensor Bar on the TV.

3 TV video/audio input

Set the correct AV input setting for your TV or other equipment.

4 Synchronising Your Wii Remote Plus

Any additional Wii Remote or Wii Remote Plus controllers you use with your console will first need to be synchronised. Press the POWER Button to turn on the Wii console, then press the SYNC. Buttons simultaneously as shown. The included Wii Remote Plus (RVL-036) should already be synchronised to your Wii console.
